Mr. Edwin Barillas

Dear Mr. Barillas:

At its regular meeting of Wednesday, December 21, 2016, the Civil Service Commission considered your request to be allowed to retake the examination for General Maintenance Assistant. As you are aware, by your presence, after discussion the Commission voted to deny your request.

Although the Commission denied your request, in no way does the Commission wish to discourage you from participating in future examinations.

If we can be of any further assistance, please feel free to contact the Civil Service Department at (562) 570-6059.
