HONORABLE MAYOR AND CITY COUNCIL

City of Long Beach
California

RECOMMENDATION:

Approve the Downtown Long Beach Property and Business Improvement District Annual Report for the period of January 1, 2017 through December 31, 2017, automatically extending the Agreement for Funding with the Downtown Long Beach Associates for one year; and authorize payment of \$541,057 in City property assessments from the Civic Center Fund (IS 380) in the Public Works Department (PW);

Increase appropriations in the Civic Center Fund (IS 380) in the Public Works Department (PW) by \$110,816, offset by a reduction in funds available; and,

Increase appropriations in the Parking and Business Area Improvement Fund (SR 132) in the Economic and Property Development Department (EP) by \$203,742, offset by assessment revenues. (Districts 1, 2)

DISCUSSION

The Downtown Long Beach Associates (DLBA) has three established sources of revenue that pass through the City to the organization. These include business operator assessments, property owner assessments and downtown parking meter revenue sharing. This recommended action relates to property owner assessment funds for expenses related to security, maintenance, public relations, special projects, advocacy and economic development in downtown Long Beach. City Council approves the business operator assessment separately. The DLBA's approved Fiscal Year 2017 (FY 17) Budget Narrative, including all sources of revenue, is provided for reference as Exhibit A.

The Downtown Long Beach Property and Business Improvement District (DLBPBID) was established by the City Council on August 4, 1998. On August 7, 2012, City Council re-established the DLBPBID. This re-establishment required a majority vote of the property owners in favor of re-establishing the district for a new term of ten years.

On January 12, 2001, the City Council and DLBA executed an Agreement for Funding setting forth the duties and delegations of the parties. This Agreement is automatically extended on a year-by-year basis upon approval of the Annual Report and the related levy of assessments by City Council.

The FY 17 Annual Report, transmitting the recommendations of the DLBA Advisory Board, proposes the following assessment rates:

Method of Assessment

Property and Business Improvement District (PBID) self-assessment fees are collected through the County of Los Angeles from property owners within a geographical boundary in DTLB. The assessment methodology is based on the parcel and building square footage, and linear footage of the property and the level of services rendered to the benefit areas.

| Category | 2016/17 Rates | |
|-----------------------------------------|---------------|-------------|
| | Standard | Premium |
| Frontage | 10.64502138 | 17.19479606 |
| Lot + Building (Com/Gov) | 0.046460977 | 0.051038498 |
| Lot + Building (Parking) | 0.030379108 | 0.034956629 |
| Lot + Building (Non-Profit/Residential) | 0.014297239 | 0.01887476 |

The DLBA Advisory Board voted on April 20, 2016, to raise assessment rates 3 percent per the allowed CPI adjustment. This is reflected in the attached budget and report. Properties are assessed based upon location within two defined zones in the DLBPBID area. The assessment rate and level of program service provided varies, depending upon the zone in which the property is located. Assessment rates for 2017 are described in Section 6 of Exhibit B. An estimated total property assessment revenue of \$2,472,609 is reported in Section 7. Section 4 of the report shows a DLBPBID budget of \$2,472,609 for the period. Adequate reserve funds (3 percent of estimated revenue) are available to make up any deficit between budgeted expenditures and actual revenue received for the period (Section 4 of Exhibit B).

The DLBPBID assessment area contains properties owned by private commercial and residential property owners, the City of Long Beach and the Long Beach Successor Agency (SA, formerly Redevelopment Agency of Long Beach). In FY 17, the City assessment is \$541,057, of which \$189,696 is related to Pike property development and will be paid to the City by Developers Diversified Realty (DDR), as required by their lease. Thus, the City's net assessment is \$360,544. The Successor Agency's assessment is \$6,122, which is approved by the Successor Agency Board separately. City and SA payments together total \$366,666 and represent approximately 15 percent of the total levy of \$2,472,609 for program year 2017. Exhibit C details City and SA-owned properties located within the DLBPBID.

The Property and Business Improvement District Law of 1994 (Law) requires that the DLBA Board of Directors file an Annual Report detailing the DLBPBID assessment methodology and assessment levy filed with Los Angeles County. The subject levy of assessment will cover the DLBPBID contract period with the DLBA from January 1, 2017 through December 31, 2017. The Annual Report of Levy and Assessment is provided as Exhibit B for City Council approval.

The Law also allows the City to contract with service providers to carry out the DLBPBID program. For the past 16 years, the City has contracted with the DLBA to carry out the DLBPBID Management Plan.

HONORABLE MAYOR AND CITY COUNCIL

Page 3

This matter was reviewed by Deputy City Attorney Amy R. Webber on September 26, 2016 and by Revenue Management Officer Julissa Josè-Murray on September 30, 2016.

TIMING CONSIDERATIONS

The current DLBPBID contract terminates on December 31, 2016. City Council approval of the Annual Report and related levy of assessment is requested on October 18, 2016, to ensure timely transfer of assessment revenue as required by City contract.

FISCAL IMPACT

Assessment payments are initially collected in the Parking and Business Area Improvement Fund (SR 132) in the Economic and Property Development Department (EP), on behalf of the DLBPBID. The collected funds are then transferred to the DLBA to complete the duties assigned by the DLBPBID. The estimated pass-through payments of \$2,472,609 are higher than what is currently budgeted in FY 17. Therefore, an appropriation increase of \$203,742 is requested in the Parking and Business Area Improvement Fund (SR 132) in the Economic and Property Development Department (EP), offset by an increase in assessment revenues.

The City's share of the total DLBPBID assessment for FY 17 is \$541,057. Currently, \$430,240 is budgeted in the Civic Center Fund (IS 380) in the Public Works Department (PW) to cover this amount. Therefore, an appropriation increase of \$110,816 is requested in the Civic Center Fund (IS 380) in the Public Works Department (PW), offset by funds available.

The FY 17 assessment amount for all Successor Agency-owned parcels is \$6,122. Sufficient funds for the Successor Agency Assessments are budgeted in the Successor Agency Fund (SA) in the Development Services Department (DV). Approval of this recommendation will provide continued support to the local economy.

SUGGESTED ACTION:

Approve recommendation.

Downtown Long Beach's public realm, which consists of our streets, sidewalks, parks and plazas, is our front porch and sets the tone for the experience of visitors, investors and tourists. The Public Realm Department, under the advisement of the Public Realm Committee, is responsible for developing and supporting beautification and capital improvement projects that enhance the visual appearance of Downtown. While Downtown has been, and will continue to be, an enjoyable place to be, the DLBA seeks to elevate this through placemaking. - **Advertising & Promotions**

Advertising is essential to communicating all DTLB has to offer. OPERATIONS

\$1,719,686

Under the advisement of the Public Safety Committee, the Clean and Safe programs are dedicated to the security and maintenance of the 85-block PBID in DTLB.

DOWNTOWN CLEAN TEAM PROGRAM/PERSONNEL

The Clean Team ensures the central business district remains attractive, clean and appealing for visitors, employees and residents. In order to consistently address maintenance issues, a multi-dimensional approach was developed consisting of sidewalk maintenance, graffiti removal, sidewalk pressure washing, trash collection, landscape maintenance, paper sign and handbill removal, and maintenance problems requiring third party intervention. The Clean Team provides service as mandated by the PBID Management Plan as well as contracted services outside of the PBID scope which are funded through compensatory revenue and not PBID revenue. An example of contract service is the agreement between the DLBA and the Long Beach Transit Information Center to provide restroom host service.

- **Sidewalk & Landscape Maintenance**

Uniformed personnel sweep litter, debris and refuse from sidewalks and gutters within the District while pressure washers service 16 to 20 blocks per day, five days a week. The District standard is to have all sidewalks washed every six weeks, with Premium areas washed weekly. Tree wells and planters are maintained and kept free of litter and weeds.

- **Graffiti Removal**

The Clean Team removes graffiti and stickers by using solvents and pressure washing. The District maintains a zero tolerance graffiti policy. All tags will be removed within 24 hours of notification. For those tags that the Clean Team is unable to remove, the Go Long Beach app is used to report and track the removal of the tag.

- **Maintenance Problems Requiring Third-Party Intervention**

Problems that are outside the jurisdiction of DLBA personnel to address or repair are monitored in order to minimize blight or unsafe conditions in the District. Requests are made to the responsible party for repair. Types of problems include blocked or damaged sewers or drains, damaged sidewalks, streets, and/or alleys, non-operating street lights, damaged or missing street signs, etc.

DOWNTOWN SAFETY GUIDES PROGRAM/PERSONNEL

The Downtown Safety Guides support the Long Beach Police Department (LBPD), property owners and tenants in overall crime prevention efforts and reduction in neighborhood street disorder, while offering ambassador services to residents, businesses and Downtown visitors. They provide highly visible neighborhood security and are intended to supplement, not replace individual building security and the LBPD. They also assist with quality of life issues, participate in outreach programs, and are radio-equipped to efficiently communicate.

- **Bicycle Patrol**

Bike Patrols discourage aggressive panhandling and other unsuitable street behavior. They also deter and report illegal street vending, illegal dumping and street code violations while performing goodwill gestures such as providing Safety Escorts, helping lost persons and giving directions. In addition, Bike Patrols assist with traffic control in case of accidents or unusual occurrences.

- **Foot Patrol**

The Foot Patrol concentrates on the highest pedestrian-use corridors such as Pine Avenue, the Promenade, City Place and The Pike at Rainbow Harbor. The Foot Patrol has the same mission and receives the same training as the Bike Patrol.

- **Segway Patrol**

All Downtown Safety Guides are trained to use a Segway during their daily patrols. The Segways give Safety Guides an elevated perspective that allows greater visibility and better views of activity on the streets. The ease of mobility between the Downtown districts is greatly improved, allowing for quicker response time and more efficient travel between stops.

- **Homeless Outreach Specialist**

A Homeless Outreach Specialist has been added to the Downtown Safety Guide Team to provide street outreach to individuals experiencing homelessness seven days a week and link them to local social service agencies.

COMMUNITY OUTREACH

The DLBA Community Outreach Manager oversees residential outreach services including clean and safe programs and participates in neighborhood association activities, serving as a liaison between residents, the City of Long Beach, the business community and the DLBA.

1. BACKGROUND

The Downtown Property-Based Business Improvement District (the "PBID") was originally formed in 1998 pursuant to the Property and Business Improvement District Law of 1994 (the "PBID Law"). It was renewed for 10 years in 2003, and then renewed again in 2012 for an additional 10 years. Assessments for the PBID can be levied through and including Fiscal Year 2021/22.

The original formation and each subsequent renewal was approved by the City of Long Beach (the "City") City Council following an assessment ballot protest proceeding including the tabulation of property owner protest ballots and a public hearing.

The City Council appointed the Downtown Long Beach Associates (the "DLBA") to make recommendations to the City Council on the expenditure of revenues derived from the levy of assessments, the classification of properties, and the method and basis of levying the assessments. The PBID budgets and policies are recommended to the City Council by the DLBA Board, composed of property and business owners located within the PBID.

This Annual Report is prepared pursuant to Section 36650(a) of the PBID Law and includes any proposed changes to the PBID boundaries, benefit zone boundaries, the basis and method of levying the assessments, and any changes to the classification of property.

2. PROPOSED CHANGES

There are no proposed changes to the boundaries, the benefit zones, or the assessment methodology of the PBID.

3. IMPROVEMENTS AND ACTIVITIES

The improvements and activities described in this Section are those developed by the DLBA and the formation engineer as outlined in the June 2012 Engineer's Report.

3.1. Environment Activities

PBID "Environment" activities and improvements are intended to improve commerce and the quality of life by making each individual assessed parcel safer, cleaner and more attractive which will encourage investment dollars downtown and generate additional pedestrian traffic. Environment activities specially benefit each individual assessed parcel, including commercial, government, parking structures, non profits and residential. The special benefit to each individual assessed parcel from these activities is that a safer and cleaner environment will increase commercial activity, which directly relates to increase in lease rates and customer usage, and a safer and cleaner environment for its residents.

Clean and Safe Program

Downtown's clean and safe program was developed following the creation of the PBID in 1998. Objectives in managing the program include:

- Deploy a Clean and Safe program that will make a visible, tangible and lasting impact.
- Document existing City services and ensure that PBID-funded services are supplemental to, and do not replace, existing City services.
- Ensure that the program is properly capitalized and that additional funding will not be required once the PBID is created.
- Provide flexibility in the modeling of the program so that the PBID can either create its own in-house program or contract with private firms.

To meet these objectives, uniformed Clean Teams have been deployed throughout downtown to remove litter and graffiti, steam clean sidewalks and maintain furniture in public places. Safety Guides provide an emphasis on public safety and have been effective at deterring nuisance crimes, providing hospitality services to downtown tenants, visitors and residents and connecting the district's homeless population to available resources. Recent yearly achievements of PBID funded Clean Team and Safety Guide crews include:

- Pressure washing of more than 36 million square feet of sidewalks
- Removal of 7,500 graffiti tags and stickers
- Nearly 470,000 pounds of trash were collected
- Nearly 5,000 pounds of weeds were removed
- Safety Guides made more than 97,000 business contacts
- Safety Guides provided 2,125 citizen assists, gave directions to 8,300 individuals and information to 13,000 persons
- Safety Guides had service contacts with 2,500 homeless individuals

The PBID continuation work program anticipates ongoing deployment at the following frequencies:

| Clean Team | |
|----------------------------------------------------|-------------------------------------------------------|
| Hours of Deployment per Week | 640 |

| Steam Cleaning: Premium | Weekly |
| Graffiti Removal | Daily as Needed |
| Light Landscape/Weeds | As Needed |
| Emergency cleaning | As Needed |

| Safety Guides | |
|----------------------------------------------------------------------|--------------------------------------------|
| Hours of Deployment per Week | 566 |
| Weekly FTE | 14.15 |
| Coverage in All Areas | 12 to 16 hours |

Deployment of Clean and Safe Services: Clean and safe services are deployed in each of two “benefit zones” within the PBID:

Premium Service Zone: The Premium service zone includes areas of highest pedestrian activity where demands for clean and safe services are greatest. This area includes the most significant activity generators within the boundaries of the district, including City Place retail center and the Pine Avenue, Promenade and Long Beach Boulevard corridors, the 1st Street corridor in the East Village, and the transit facilities along 1st Street. These activities create the conditions requiring a greater amount of clean and safe services, such as dirty sidewalks, the presence of graffiti and the need to provide safety guide assistance. The Management Plan anticipates that service deployment frequencies within the Premium service zone will be three times more than the remainder of the PBID – from the number and type of safety guides to the frequency of sidewalk cleaning. Under the current PBID deployment plan, Safety Guides patrol each block of the Premium Zone between 25 and 40 times per day.

Standard Service Zone: The remaining areas of the PBID encompassed by the Standard service zone have less pedestrian activity and demands for clean and safe services are generally lower. The standard areas have lower intensity activity generators, including less ground floor retail and a higher concentration of office and residential uses. Accordingly, the lower level of pedestrian activity results in reduced need for clean and safe services. Service frequencies within the Standard service zone are less than the frequency of services in the Premium service zone. Under the current PBID deployment plan, Safety Guides patrol each block of the Standard Zone between 8 and 12 times per day, about one third of the frequencies delivered in the Premium service zone.

Options for Enhanced Security: The PBID renewal process has evidenced continued property owner concern with both the reality and perception of public safety on downtown streets. There are a variety of elements contributing to this concern, including ongoing challenges with transient and homeless populations, nuisance crimes ranging from aggressive panhandling to vandalism, and other quality of life issues.

In order to more effectively deploy PBID resources to improve enhanced security, funds for information and safety ambassadors may be redistributed to related activities that have been effective in other California PBIDs, including:

- An “outreach specialist program” in which ambassadors would be tasked with a case management approach to match chronic homeless individuals with available social services (Sacramento, Santa Monica).
- Other quality of life and safety initiatives in partnership with local agencies that may be developed and recommended by the DLBA Public Safety Committee.

Resident Coordinator/Community Outreach Manager: Also within the budget for the Clean and Safe program is a Resident Coordinator / Community Outreach Manager to help downtown’s residential population utilize Clean and Safe services. The Resident Coordinator / Community Outreach Manager will provide information, regularly meet with HOAs and resident associations, represent resident perspectives, and trouble-shoot resident issues related to the PBID’s Environmental services that include cleaning, safety and beautification.

Beautification Program: In addition to the general cleaning and safety programs for the purposes of improving commerce to each individual assessed parcel, the PBID may also provide highly visible improvements that will add to the attractiveness of public spaces; such as cosmetic improvements to the landscape and streetscape on the public rights-of-way throughout the District. While downtown Long Beach has been well maintained, the beautification needs continued refreshing and updating. These improvements may include but not necessarily be limited to:

- Seasonal banners and decorations
- Public art
- Street furniture and amenities
- Feasibility analyses and plans for design, streetscape and other physical improvements
- Other activities and improvements that visibly enhance the Downtown environment

Annual recommendations regarding the allocation of beautification funds are determined by the Public Realm Committee that provides recommendations to the DLBA board of directors.

3.2. Economy Activities

Activities aimed at working with property owners to improve Downtown's overall image, increased sales and building occupancies are part of the PBID Management Plan. These services are intended to provide special benefits to each individually assessed parcel.

Marketing, Special Events, & Communications: Marketing and special event activities will aim to improve the overall image of Downtown with the goal of attracting consumers and visitors, and attracting and retaining businesses, jobs and investment. Initiatives must be designed to provide collective benefits to each individual assessed parcel. While annual work programs and budgets will be developed by the Marketing and Communications Committee and approved by the Downtown Long Beach Associates board of directors, programs will be selected from a variety of options that may include the following:

- Advertising, including branding and cooperative campaigns and increased placement and frequency in print media.
- Increased distribution and enhanced quality of publications, including downtown maps, directories and activity guides.
- Improved and increased special event and festival production.
- Public relations efforts to promote a positive image and overall experience.

Economic Development: These programs will provide a primary one-stop point of contact for business prospects looking to locate and/or grow in downtown. Comprehensive market information on downtown will be researched, packaged and maintained. Specialized research will identify specific target business groups and niches that are most likely to locate within downtown and benefit from local assets.

DLBA staff will serve as a liaison to assist business and property owners in permitting and development review processes. Program staff will work collaboratively with real estate professionals, City staff, and regional economic development groups to coordinate and leverage business attraction efforts.

Responding to the top priority evidenced by downtown stakeholders in the PBID renewal process, the economic development initiative will initially focus on activating storefronts throughout the downtown, including the recruitment of retail stores, temporary or "pop-up" installations, public art and other

methods. Initiatives detailed in the 2013 Strategic Plan Update will also be continued, including but not limited to:

- “Shop Local” campaigns that aims to inform and match residents and employees to downtown retail;
- Traditional and emerging business recruitment programs and activities; and,
- Efforts to welcome new businesses to downtown.

| Activity | Standard Zone | Premium Zone |
|---------------------------------------------------|----------------------|-----------------------|
| Environment (all properties) | | |
| Clean Team | | |

3.3. Advocacy, Administration & Reserves

Advocacy and administrative costs have been included within the PBID budget. Examples of advocacy and administrative costs include:

- Accounting and annual financial reports,
- Program support costs including supplies, equipment and rent,
- A delinquency reserve estimated at 3% of assessments,
- A general benefit reserve estimated at 0.89% of the budget, to be paid with non-assessment revenue. The general benefit reserve is established to address that the PBID may provide de minimus general benefit (i.e. general benefit to the public and/or surrounding community), requiring 0.89% of the budget to be financed by non-assessment revenue, and
- Other administration costs associated with the overhead and administrative support of programs.

To reduce administrative costs, increase leveraging of funds, and to avoid duplication of enhanced services, the PBID will continue to be managed by the Downtown Long Beach Associates to deliver day-to-day services. DLBA can leverage PBID assessments with additional revenues, including business license BID fees, sponsorship revenue, contracts, grants and earned income.

4. BUDGET

The formation engineer estimated the general benefit of the PBID improvements and activities to be 1%. Thus 1% of the budget must be funded from sources other than assessments.

4.1. District Budget

The District budget for Fiscal Year 2016/17 has been submitted to the City Council and is, by reference, made part of this report. In accordance with the District's PBID Management Plan, budgeted costs in the amount of \$2,477,862 (net of 3% delinquency and 3 months revenue to conclude calendar year) will be recovered. Also in accordance with the Management Plan, reserve funds (the aforementioned 3% of the anticipated revenue) will supplement any difference between the anticipated revenue and the actual revenue collected throughout the course of the fiscal year.

The budget approved by the DLBA Board estimated gross assessment revenue of \$2,477,862 for 2016/17. However, due to parcel changes and adjustments to parcel characteristics, the actual 2016/17 assessment levy is \$2,472,608.66. The difference is \$5,253.34.

See Section 7 for a detailed listing of current year assessments.

4.2. Surplus or Deficit Carryover

The District will undergo an independent audit upon the conclusion of Fiscal Year 2015/16 on September 30, 2016. The audit should be completed by December 2016. Surplus or deficit carryover information will be available upon completion of the audit.

4.3. Contributions from Other Sources

The formation engineer estimated the general benefit of the PBID improvements and activities to be 1%. Thus 1% of the budget must be funded from sources other than PBID assessments. Outside sources will include revenue from DPIA, Event Ticket Sales and Contract Services.

5. BOUNDARIES

The PBID boundary developed by the formation engineer as outlined in the June 2012 Engineer's Report encompasses approximately 70 blocks of the core of Downtown Long Beach which is bounded roughly by:

- Shoreline Drive to the south, including the Pine Avenue Circle
- Golden Shore to the west and
- Alamitos Avenue to the east.
- To the north, 3rd Street in the western part of the PBID, 8th Street in the central part and 4th Street in the eastern part.

In general, the boundary includes approximately 60 "whole blocks", the remainder includes portions of blocks. The properties within whole blocks have all their street frontages included in the activities, i.e., all four street frontages. The properties within a portion of a block have only the street frontage of the property included in the PBID boundary that receives the PBID activities.

5.1. Benefit Zones

Two benefit zones were created to reflect two different levels of service. The deployment and frequency of clean and safe services in the Premium Zone will be greater than the deployment and frequency of clean and safe services in the Standard Zone. The benefit zones are delineated as follows:

Premium Service Zone includes most blocks in the central portion of the PBID bounded by Long Beach Boulevard to the east, 6th Street to the north, Pine and Pacific Avenues to the west and Ocean Boulevard to the south.

Standard Service Zone includes much of the western portion of the PBID bounded roughly by Pacific Avenue, 3rd Street, Golden Shore, Shoreline Drive and Ocean Boulevard. To the east, the standard zone is roughly bounded by Elm Avenue, 4th Street, Alamitos Avenue and Ocean Boulevard.

Maps of the district boundary and the benefit zones are provided on the following pages.

6. ASSESSMENT METHODOLOGY

Assessments for the PBID are calculated using the methodology developed by the formation engineer as outlined in the June 2012 Engineer's Report. Assessments are computed using five property characteristics: land use type, benefit zone, linear frontage, lot square footage, and building square footage. Each assessable parcel is categorized into one of the following land use types: Commercial, Government, Residential, Non-Profit, and Parking.

Per the formation engineer's report:

"Each residential condominium will be assessed based upon its unit gross building square footage and a pro rata share of building lot square footage and frontage based upon the size of the condominium in relation to the gross square footage of the building."

"For properties with frontage on both premium and standard zones, linear frontage will be allocated to each zone, and lot plus building square footage rates will apply to the zone fronting the address side of the building."

After each parcel is categorized into its proper land use type, linear frontage, lot square footage and building square footage are determined and those values are multiplied by the assessment rates shown below to determine the total assessment.

6.1. Current Year Actual Assessment Rates

For 2016/17, the PBID Board approved an assessment rate increase of 3%. Thus the actual assessment rates for 2016/17 are 3% greater than the actual assessment rates used in 2015/16.

| Category | Actual Rates 2016/17 | |
|-----------------------------------------|----------------------|---------------|
| | Standard Zone | Premium Zone |
| Frontage | 10.6450213750 | 17.1947960657 |

| Lot + Building (Non-Profit/Residential) | 0.0142972394 | 0.0188747606 |

6.2. Current Year Maximum Assessment Rates

The maximum assessment rates increase each year by 5% over the prior year's maximum assessment rates. The actual assessment rates in any year may be less than or equal the maximum assessment rates. The actual assessment rates cannot exceed that year's maximum assessment rates.

| Category | Maximum Rates 2016/17 | |
