September 5, 2017

HONORABLE MAYOR AND CITY COUNCIL  
City of Long Beach  
California

**RECOMMENDATION:**

Receive and discuss an overview of the Proposed Fiscal Year 2018 budgets for the following Departments: Harbor and Water; and,

Receive supporting documentation into the record, conclude the public hearing, and take the actions necessary to adopt the Fiscal Year 2018 budget as listed in Attachment A. (Citywide)

**DISCUSSION**

On July 31, 2017, the City Manager's Proposed Budget for Fiscal Year 2018 (FY 18) was delivered by Mayor Garcia to the City Council and community for consideration. Budget meetings were set for March 14, July 25, August 1, August 8, August 15, August 22, September 5, and September 12, along with six Budget Oversight Committee (BOC) meetings, and ten community meetings at which the FY 18 Proposed Budget was discussed. We are pleased to report that through the hearings, BOC and community meetings, there were 24 scheduled opportunities for public feedback, deliberation and input. In addition, this year, the City solicited input through the Long Beach Budget Priority Survey to obtain feedback on what the City's General Fund priorities should be. The survey was promoted, along with OpenLB, which shows the budget visually, on the City's website, through Twitter and Facebook, and at the community meetings.

At the conclusion of the hearing, the City Council will amend the proposed budget as it deems appropriate, and adopt the proposed budget as amended. Since the publication of the FY 18 Proposed Budget, updated estimates of revenue and expense, which primarily address technical corrections, are listed by fund and department in Attachments B, C and D to this letter. The reasons for the adjustments are discussed at the end of this letter.

There are three Ordinances in Attachment A. The first approves Resolution No. WD-1376 (A-3), which establishes the rates and charges for the water and sewer service. The second is the Appropriations Ordinance (A-17), which officially adopts the FY 18 budget and authorizes expenditures in conformance with the adopted budget. For these two Ordinances to become effective October 1, 2017, the City Council must first declare an

HONORABLE MAYOR AND CITY COUNCIL

September 5, 2017

Page 2

emergency to exist before adopting each Ordinance (A-2 and A-16). The third Ordinance amends the Departmental Organization of the City (A-13).

There are also five Resolutions that provide for approval of the budget for the Harbor Department (A-1), the budget for the Water Department (A-4), the Master Fees and Charges Schedule (A-5), establish the Gann Appropriations Limit (A-9), and amend Salary Resolution (A-14). There are also motions that request approvals for the following: the FY 18 Capital Improvement Program (A-6); FY 18 Budget for the Long Beach Community Investment Company (A-7); the Harbor Revenue Fund Transfer (A-8); the revised Financial Policies as recommended by the BOC (A-10); the Mayor's Recommendations (A-11); the BOC Recommendations (A-12); and, a motion amending the Proposed FY 18 Budget (A-15).

This matter was reviewed by Deputy City Attorney Richard F. Anthony on August 21, 2017.

**TIMING CONSIDERATIONS**

In accordance with the City Charter, the FY 18 budget must be adopted by September 15, 2017. Should the City Council fail to adopt the budget by that date, the City Manager's FY 18 Proposed Budget will be deemed the budget for the 2018 Fiscal Year. The Mayor has five calendar days from City Council adoption of the budget to use his veto authority. The City Council would then have until September 30, 2017, to override veto action by the Mayor with a two-thirds supermajority vote (six Councilmembers).

**FISCAL IMPACT**

The City Charter requires that the Appropriations Ordinance shall govern and control the expenditure and commitment amounts stated therein relating to the City's departments, offices and agencies during each fiscal year. The total Proposed FY 18 budget for all departments and funds is \$3,071,784,105, which comprises \$2,647,704,022 in new appropriation and \$424,080,083 in estimated carry-over from FY 17 for multi-year grants and projects. Attachments B, C and D provide the financial overview by Fund, by Department and Citywide revenue by Fund.

The Appropriations Ordinance, included as Attachment A-17, totals \$2,212,002,992 for all funds except Harbor, Sewer, and Water, and \$2,218,005,775 for all departments except Harbor and Water. The \$6,002,783 difference between funds and departments is due to general City indirect costs budgeted in the Financial Management Department, but charged to the Harbor, Water and Sewer funds, which are not included in the Appropriations Ordinance by fund.

The proposed Harbor, Water and Sewer fund budgets are in separate City Council Resolutions included as Attachment A-1 and A-4, respectively, and total \$859,781,113. The Board of Harbor Commissioners adopted the budget for the Harbor Department by

HONORABLE MAYOR AND CITY COUNCIL

September 5, 2017

Page 3

minute order on June 26, 2017. The Board of Water Commissioners adopted the budget for the Water Department by Resolution on June 15, 2017.

User fees and charges in the Master Fees and Charges Schedule, included as Attachment A-5, have been adjusted due to changes in service and other factors, including the City Cost Index adjustment. For details regarding these proposed new fees, deletions and adjustments, please see the List of Proposed Fees Adjustments for FY 18 that has been incorporated as Exhibits B and C to the Master Fees and Charges Resolution.

Other requested City Council actions include:

- Approving the FY 18 One-Year Capital Improvement Program (CIP) budget, included as Attachment A-6, which is contained in the Appropriations Ordinance. The Planning Commission, at its meeting of August 17, 2017, approved the CIP for FY 18 as conforming to the General Plan.
- Adopting a Resolution, included as Attachment A-9, establishing the Gann Appropriations Limit (Limit) for general purpose expenditures. In November 1979, the voters of the State of California (State) approved Proposition 4, also known as the Gann Initiative (Initiative). The Initiative places certain limits on the amount of tax revenue that can be appropriated each fiscal year. The Limit is based on actual appropriations during FY 79 and prevents overspending proceeds of taxes. Only those revenues which are considered as "proceeds of taxes" are subject to the Limit. The Limit is recalculated each fiscal year based on certain inflation and population factors provided by the State. The Proposed Budget includes tax revenue estimates that are at 39.75 percent of the 2017-2018 Appropriations Limit and, therefore, do not exceed the Limit. This calculation is reviewed by the City Auditor for conformance to the law.
- Adopting the Financial Policies for the City, included as Attachment A-10. These policies have been presented to the Budget Oversight Committee for consideration and review and now come to the full Council for deliberation. Among other changes, the Fund Balance Policy (Policy 7) is a preexisting financial policy that was previously separate from the other Financial Policies and is now incorporated into the main policy list. (A redline version of the changes is also provided.)
- Amending the Departmental Organization Ordinance, included as Attachment A-13. This amendment incorporates changes to departments, bureaus, and divisions for FY 18. These organizational changes are necessary to implement changes reflected in the Proposed FY 18 budget. (A redline version of the changes is also provided.)
- Adopting the Salary Resolution, included as Attachment A-14.

HONORABLE MAYOR AND CITY COUNCIL

September 5, 2017

Page 4

After the City Manager delivered the FY 18 Proposed Budget to the Mayor, technical adjustments were made to the budget. These changes are generally not substantive and are shown in Attachments B, C and D. Changes of note include:

1. The Tidelands Operations Fund (TF 401) had an adjustment to increase the revenues by \$888,850 to reflect the anticipated updated FY 18 operating transfer from Harbor Revenue Fund (HR 430).
2. The Gasoline Tax Street Improvement Fund (SR 181) had an increase of \$794,943 in expense and \$430,336 in revenues due to revisions to estimated local return revenue anticipated from the Road Maintenance and Rehabilitation Account (SB-1). Per draft requirements currently under review from the California Transportation Commission, all SB-1 revenues must be programmed and adopted in the City's annual budget. The additional revenue has been programmed for residential street improvements.
3. The Transportation Fund (SR 182) had a technical adjustment to increase expense budget by \$400,000 to reflect an increase in Measure R revenues eligible for administrative expenses.
4. Expenses were reduced in the Gas Fund (EF 301) by \$500,000 to reflect a reduction in the annual transfer to the General Fund (GF).

The remaining changes were minor, technical adjustments made to various funds and departments to align budget with grants and/or revenues.

SUGGESTED ACTION:

Approve recommendation

Respectfully submitted,

JOHN GROSS  
DIRECTOR OF FINANCIAL MANAGEMENT

APPROVED:

PATRICK H. WEST  
CITY MANAGER

**ATTACHMENT A**

**List of Requested Fiscal Year 2018 Budget Adoption Actions**

1. Adopt the Resolution approving the FY 18 budget for the Long Beach Harbor Department as adopted by the Board of Harbor Commissioners on June 26, 2017. (A-1)
2. Declare an emergency to exist. (A-2)
3. Declare the Ordinance approving the Resolution No. WD-1376 establishing the rates and charges for water and sewer service to all customers, as adopted by the Board of Water Commissioners on June 15, 2017, as an Emergency Ordinance, read, and adopted as read and laid over to the next regular meeting of the City Council for final reading. (A-3)
4. Adopt the Resolution approving the FY 18 budget of the Long Beach Water Department as adopted by the Board of Water Commissioners on June 15, 2017. (A-4)
5. Adopt the Resolution amending the Master Fees and Charges Schedule for specified City services for Citywide fees and charges for the City of Long Beach. (A-5)
6. Approve the FY 18 One-Year Capital Improvement Program. (A-6)
7. Adopt a motion approving the FY 18 budget for the Long Beach Community Investment Company (formerly known as the Long Beach Housing Development Company) in the amount of \$3,324,867. (A-7)
8. Adopt a motion approving the estimated transfer of \$18,661,550 from the Harbor Revenue Fund to the Tidelands Operations Fund. (A-8)
9. Adopt the Resolution establishing the Gann Appropriations Limit (Limit) for FY 18 pursuant to Article XIII (B) of the California Constitution. (A-9)
10. Adopt a motion approving the Financial Policies as recommended by the Budget Oversight Committee on September 5, 2017. (A-10)
11. Adopt the Mayor's proposed budget recommendations to the FY 18 Proposed Budget. (A-11)
12. Adopt the Budget Oversight Committee's proposed funding recommendations, as amended, to the FY 18 Proposed Budget. (A-12)
13. Declare the Ordinance amending the Departmental Organization Ordinance read the first time and laid over to the next regular meeting of the City Council for final reading. (A-13)
14. Adopt the amended Salary Resolution for FY 18. (A-14)
15. Adopt a motion amending the proposed FY 18 budget. (A-15)
16. Declare an emergency to exist. (A-16)
17. Declare the Appropriations Ordinance for FY 18, creating and establishing the funds of the Municipal Government and appropriating money to and authorizing expenditures from said funds and for said fiscal year as an Emergency Ordinance, read, and adopted as read and laid over to the next regular meeting of the City Council for final reading. (A-17)

WHEREAS, the City Council of the City of Long Beach ("City") seeks to establish service fees and charges to recover the full, lawfully recoverable costs incurred by the City in providing services to those who request them by amending the Master Fee and Charges Schedule for specified City services for Citywide fees and charges for the City of Long Beach; and

WHEREAS, it is the City's policy to set fees and charges at full cost recovery levels, except where a greater public benefit demonstrates the need to impose a lesser fee or charge to the satisfaction of the City Council, or when it is not cost effective to do so; and

WHEREAS, the City has conducted an extensive analysis of its services, the costs reasonably borne by the City in providing those services, the beneficiaries of those services, and the revenues produced by those paying service fees and charges for said services; and

WHEREAS, the City Council, at a duly noticed public hearing, took public testimony and input regarding certain proposed new or increased service fees and charges; and

WHEREAS, California Government Code Section 66000, et seq., authorizes the City to adopt service fees and charges for municipal services, provided such fees do not exceed the cost to the City of providing the service; and

WHEREAS, in accordance with Government Code Section 66016, at least

1 fourteen (14) days prior to the public hearing at which this Resolution is adopted, notice  
2 of the time and place of the hearing was mailed to eligible interested parties who filed  
3 written requests with the City for mailed notice of meetings regarding new or increased  
4 fees or service charges; and

5                   WHEREAS, in accordance with the Government Code 66016, data  
6 regarding the estimated cost of the services and the revenue sources anticipated to  
7 provide the services was available for public review and comment for ten (10) days prior  
8 to the public hearing at which this Resolution was adopted; and

9                   WHEREAS, publication of the notice of public hearing was given in  
10 accordance with the provisions of Government Code Section 6062a, ten (10) days in  
11 advance of the public hearing at which the adoption of this Resolution was considered;  
12 and

13                   NOW, THEREFORE, the City Council of the City of Long Beach hereby  
14 resolves as follows:

15                   Section 1. The facts set forth in the Recitals of this Resolution are true  
16 and correct and are hereby incorporated by reference herein as though set forth in full.

17                   Section 2. The City Council hereby approves publication of the Master  
18 Fee and Charges Schedule for FY18. Said fees are set forth in Exhibit "A", which is  
19 attached hereto and incorporated herein by this reference, for specified City services for  
20 Citywide fees and charges for the City of Long Beach, including those new, increased or  
21 adjusted fees as are described in the "Discussion of Fiscal Year 2018 Fee Changes" set  
22 forth in Exhibit "B", which is attached hereto and incorporated herein by this reference,  
23 and which fees are also set forth and listed on Exhibit "C", which is attached hereto and  
24 incorporated herein by this reference as though set forth herein word for word.

25                   Section 3. Said revised Master Fee and Charges Schedule is hereby  
26 directed to be made available to the public for its use for informational purposes, and is  
27 not intended as a re-adoption, modification, or amendment of any existing fee or charge  
28 previously established by resolution, or any previously adopted fee resolution that is not

1 in conflict with the provisions of this Resolution.

2                   Section 4. The City Council hereby further adopts and approves fees and  
3 charges that have been increased by the City Cost Index, a calculation of the increase in  
4 the City's cost from Fiscal Year 2013 to Fiscal Year 2017, as set forth and described in  
5 Exhibit "D" which is attached hereto and incorporated herein by this reference; and the  
6 new, increased, or adjusted fees and charges as set forth and described in Exhibits "B"  
7 and "C." The fees and charges increased by the City Cost Index and those fees and  
8 charges set forth in said Exhibit "B" and "C" shall thereafter be incorporated into the  
9 Master Fee and Charges Schedule for FY18 (Exhibit "A") and shall collectively be known  
10 as the Master Fee and Charges Schedule of the City of Long Beach and may be made  
11 available to the public for its information and review.

12                   Section 5. Adoption of the new, increased or adjusted fees and charges  
13 set forth and described in this Resolution, and in Exhibit "B" and "C" attached hereto, are  
14 intended to recover costs necessary to provide the services within the City for which the  
15 fees are charged. In adopting the new, increased or adjusted fees and charges set forth  
16 in this Resolution, the City Council of the City of Long Beach is exercising its powers  
17 under Article XI, Section 7 of the California Constitution.

18                   Section 6. All requirements of California Government Code Sections  
19 66000, et seq., are hereby found to have been satisfied.

20                   Section 7. The fees and charges set forth in Exhibit "C" ("Proposed Fee  
21 Adjustments for Fiscal Year 2018") are reasonable estimates of the costs incurred by the  
22 City in providing the services to those who request them. The service fees and charges  
23 for such services are necessary to recover the reasonable, estimated cost of providing  
24 such services.

25                   Section 8. The fees and charges adopted and all portions of this  
26 Resolution are severable. Should any of the fees or charges or any portion of this  
27 Resolution be adjudged to be invalid and unenforceable by a body of competent  
28 jurisdiction, then the remaining fees and/or Resolution portions shall be, and continue to

1 be, in full force and effect, except as to those fees and/or Resolution portions that have  
2 been adjudged invalid. The City Council of the City of Long Beach hereby declares that it  
3 would have adopted each of the fees or charges and this Resolution and each section,  
4 subsection, clause, sentence, phrase and other portion thereof, irrespective of the fact  
5 that one or more of the service fees, charges or sections, subsections, clauses,  
6 sentences, phrases or other portions of this Resolution may be held invalid or  
7 unconstitutional.

8                   Section 9. All provisions of prior City Council ordinances and resolutions  
9 establishing fees are hereby rescinded and repealed in part or in whole to the extent of  
10 any conflict between said ordinances and resolutions and the provisions established by  
11 this Resolution.

12                   Section 10. The establishment of fees and charges herein is exempt from  
13 the requirements of the California Environmental Quality Act (CEQA) pursuant to Public  
14 Resources Code Section 21080(b)(8) and the adoption of this Resolution is for the  
15 purposes of inter alia: (1) meeting operating expenses; (2) purchasing or leasing  
16 supplies, equipment or materials; (3) meeting financial reserve needs and requirements;  
17 or (4) obtaining funds for capital projects, necessary to maintain service within the various  
18 areas of the City.

19                   Section 11. This resolution shall take effect immediately upon its adoption  
20 by the City Council, and the City Clerk shall certify the vote adopting this resolution.

## MASTER FEES AND CHARGES

<b>DEPARTMENT: CITY CLERK</b>				
<b>Fee Name</b>	<b>Description</b>	<b>Fee</b>	<b>Per</b>	<b>Type</b>
Civil Marriage Ceremony	Effective January 1, 2015, the City Clerk can perform Civil Marriage Ceremonies per Assembly Bill 1525. The L.A. Registrar Recorder County Clerk (RR/CC) provides marriage licenses to couples getting married. Once a couple has obtained their marriage license, the couple can come to City Hall and participate in a qualified ceremony. The marriage license becomes a marriage certificate that must be sent back to the RR/CC to be recorded. The L.A. RR/CC only records marriage certificates for marriages that take place in Los Angeles County. The civil ceremony can only be scheduled after the couple has obtained a marriage license. Only the appointed City Clerk is eligible to officiate the ceremony.	\$35	Ceremony	Fee
Civil Marriage Ceremony Witness Fee	Couples that participate in qualified Civil Marriage Ceremonies must provide a witness at the time of the ceremony, unless the couple is marrying using a confidential Marriage License in which case no witness is required. If the couple does not have a witness, the City Clerk can provide one for an additional fee.	20.00	Witness	Fee
<b>COPIES/DUPLICATION</b>				
Copies	Per page copies: Includes, but not limited to street indexes, printed lists, precinct reports, statement of vote, polling place/poll worker list, campaign statements or statements of economic interest.	\$0.10	Page	Fee
Long Beach City Charter	Copy of the Long Beach City Charter	8.25	Charter	Fee
<b>CAMPAIGN/ELECTION FEES</b>				
Candidate Filing Fee	Non refundable application processing fee for qualified election candidates.	220	Application	Fee
Candidate Statement Fee	Statement of Qualification 200 words or less that appears on the City Ballot during an election cycle.	Actual Costs - Based on Election Cycle	Statement	Fee
Late fee for campaign statements	Election candidate campaign statements, \$10/day or cumulative amount stated in statements or \$100, whichever is greater.	\$10	Day	Penalty
Retrieval fee for campaign statements	Retrieval fee for campaign statement or statement of economic interest documents more than five years old that may be stored off-site.	\$5	Request	Fee

# EXHIBIT A-7

## MASTER FEES AND CHARGES

<b>FIRE DEPARTMENT TRAINING CENTER</b>				
All LBFD props used by outside entities will require a facility representative to be present during the entire training period at a cost of \$70 per hour. Live fire training staffing numbers will be determined by the Fire Control 3-B Instructor assigned to the class but could involve up to 17 members to fill all safety positions. 1/2 day is either the period between 0800 and 1230 or 1230 to 1630. Any use that covers both periods will be considered a full day. A classroom session is any period up to an 8 hour use. Any period beyond 8 hours will be considered 2 sessions. Classes conducted after regular business hours or when staff is otherwise committed will require a facility representative to be present. UASI member agencies shall not incur a fee for use of UASI purchased props noted by an asterisk (*), but will be responsible for staff and material fees.

## MASTER FEES AND CHARGES

### DEPARTMENT: HEALTH & HUMAN SERVICES

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES MEDICAL BILLING, CODING AND FEE SCHEDULES USER FEES BY PROGRAM

I. All third party medical billing and charges for medical services will be consistent with the most recent revision (payment methodology) of Medicare RBRVS (Resourced Based Relative Value Study); and/or the latest revision of the California Workers' Compensation Official Medical Fee Schedule; and/or the latest revision of the CMA CRVS (California Relative Value Study developed by the California Medical Association); and/or the latest revision of Medicaid (MediCal developed by the California Department of Health Services); and any other fee reimbursement format authorized by the California Department of Health Services.

Medical coding will be consistent with the most recent revision of Current Procedural Terminology (CPT coding) communicating the services provided, and the most recent revision of International Classification of Diseases (ICD-9 coding) indicating the medical necessity of the encounter.

#### NOTE:

1. Any categories of service not listed above will be charged at a rate not to exceed the actual cost.
2. The City Health Officer, or designee, may waive any service fees where he/she determines a threat to the public health exists. Fee waiver shall be based upon financial need. Service fee waiver may be either total, or based on a sliding scale established by the Department of Health and Human Services.
3. The Department of Health and Human Services may increase or decrease public health vaccine and medication fees to respond to pricing changes.

#### II. VITAL STATISTICS

Fees charged are in accordance with the. Vital Statistics fee schedule as established by the Department of Health Services, Office of the State Registrar of Vital Statistics.

#### III. ENVIRONMENTAL HEALTH

Fees subject to change in accordance with regulatory agency requirements.

## MASTER FEES AND CHARGES

<b>DEPARTMENT: LONG BEACH AIRPORT</b>				
<b>Fee Name</b>	<b>Description</b>	<b>Fee</b>	<b>Per</b>	<b>Type</b>
<b>AIRLINE FEES</b>				
Includes: Landing Fees, Gate Use Fees, Apron Parking Fees, Common Use Fees and Terminal Space Charges. These costs are used to calculate the cost per enplaned passenger.				
Landing Fees, 7:00 AM - 10:00 PM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$4.08	1000 lbs. Gross Certified Landing Weight	Fee
Landing Fees, 10:00 PM - 7:00 AM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$8.60	1000 lbs. Gross Certified Landing Weight	Fee
Diverted landings	Any scheduled commercial carrier diverted from landing at Long Beach Airport between 10:00 PM and 7:00 AM shall be credited for incremental expenses (over and above costs which would have been incurred at the Long Beach Airport) incurred for aircraft handling, airport use and facility fees, and fees incurred in transporting enplaning and deplaning passengers between Long Beach Airport and an authorized alternate airport. In order to qualify such incremental costs for a credit against Airport-related rents/fees owed the City of Long Beach, such expenditures must be consistent with a schedule of rates/charges which has been pre-approved by the Airport Director. Passengers on any qualified commercial carrier diverted from Long Beach Airport shall be eligible for a voucher for credit on their parking charges at Long Beach Airport's parking lots.			Fee

# EXHIBIT A-129

## MASTER FEES AND CHARGES

<b>DEPARTMENT: LONG BEACH AIRPORT</b>				
<b>Fee Name</b>	<b>Description</b>	<b>Fee</b>	<b>Per</b>	<b>Type</b>
Terminal Building Gate Use Fee	All aircraft using the Airport Terminal Building apron for the enplanement or deplanement of passengers or cargo shall pay a fee for each flight which makes use of said facilities.	\$1.22	1000 lbs. Gross Certified Landing Weight	Fee
Security Surcharge	Uses that require the presence of a Law Enforcement Officer (LEO) will be charged this Fee. Such uses include ramp safety enforcement during enplaning and/or deplaning of passengers, escorting of aircraft and vehicles between locations and standing by for filming and special events.	Cost recovery rate	Hour, or portion thereof	Fee
Common Use Charges	Common use areas include the boarding lounges, concourse, baggage claim areas and public areas of the terminal. The Common Use Charge shall be computed on the depreciation, utilities, custodial and maintenance services for the common use areas. Common Use Charges shall be assessed on all airlines which use the common areas at a per enplaned passenger rate calculated by the Airport Director. The calculation shall be based on actual expenses for common use areas, and number of airlines and flight activity at the Long Beach Airport.	\$2.87	Enplaned passenger	Fee
<b>AIRCRAFT PARKING</b>				
Terminal Building Apron Parking Fee	Any aircraft which is parked on the Terminal Building apron and not engaged in the enplanement or deplanement of passengers or cargo or which remains overnight, shall obtain prior approval and pay apron parking fees.	\$1.01	1000 lbs. Gross Certified Landing Weight	Fee
Aircraft Parking Fee - Uncovered - Daily 0-35 total feet wing span	These rates shall be paid for the parking of aircraft on open areas of the Airport. Airport parking areas are designated by the Airport Director and prior approval is required. No parking charges for uncovered parking shall be assessed against aircraft owned and operated by the United States of America, or any state, county, or city while said aircraft is located at the Airport on documented official government business.	\$5.76	0 - 35 feet total span/Daily	Fee

<b>PIPELINE AND UTILITIES PERMIT FEES</b>				
Each permit and permit supplement issued under LBMC Chapter 15.44 shall be subject to the condition and shall provide that the permittee, as and for compensation for use of city property, shall pay to the city annually in advance, on a calendar year basis. All fees are due and payable on January 1 of each calendar year. The fee for each permit that is issued to any person other than a governmental agency shall be not less than twenty-five (\$25) per year.				
Pipelines and Utilities Permit Fees	A fee for installing a facility/pipeline on City property. For pipelines with an internal diameter not listed herein, the fees shall be in the same proportion to the fees of a twelve inch (12") diameter pipe as the diameter of the unlisted pipe is to twelve inches (12"). The annual payment for each lineal foot of pipeline shall be computed and revised each calendar year.	The applicable base rate shall be multiplied by the consumer price index for owners' equivalent rent of primary residence in Los Angeles, California.	Each	Fee
Pole Permit Fees	The fee for putting a pole on City property/public right of way.	The annual fee shall be computed at the rate of one dollar twenty five cents (\$1.25) per pole.	Each	Fee
<b>Baseline Rates for Pipeline Permit Fees</b>				
Each permit and permit supplement issued pursuant to chapter 15.44 shall be subject to the condition and shall provide that the permittee, as and for compensation for use of city property, shall pay to the city annually in advance, on a calendar year basis except as otherwise stated herein, fees for Water, Wastewater, Oil, Gas, Sewer, Gasoline, Electrical Energy, Communications, and Liquefied Petroleum Gas Pipelines as follows:

Changes**

**EXHIBIT B**

**DISCUSSION OF FISCAL YEAR 2018 FEE CHANGES**

**City of Long Beach**

**September 5, 2017**

## EXHIBIT B

### INTRODUCTION

City Council approval is requested for the List of Proposed Fee Adjustments for Fiscal Year 2018 (FY 18) included as Exhibit C, which describes the proposed changes to the City's Master Fees and Charges Schedule. As part of the normal Budget process, City Council last reviewed and approved an amended Master Fee and Charges Schedule for specified City services on April 4, 2017. The original basis for the schedule of fees and charges was the Fee Study, which was recommended by the Budget Oversight Committee and commissioned by the City Council to complete a cost accounting of the most significant City services and their related user fees. Since the fee study was originally completed in FY 06, costs borne by the City in providing fee-related services have changed for a variety of factors. On October 8, 2013, the City Council adopted an amended Financial Policy on *User Fees and Charges*, which reads:

#### **User Fees and Charges Will be Set at the Cost of the Service**

**Background** - Fees and charges are associated with recovering the cost of providing a service. The City can charge up to the full cost of providing a service.

**Policy** - Fees will be set at a level to fully recover costs, except where there is a greater public benefit through use of a lower fee, such as where full recovery may adversely impact overall revenue or may discourage participation in programs where the participation benefits the overall community.

To meet the City Council's Financial Policy on User Fees and Charges that calls for full cost recovery whenever appropriate, a mechanism to allow broad-based changes to the City's fees is, therefore, necessary. Bi-yearly fee adjustments are the process by which the broad-based changes to fees are presented to the City Council and the public for consideration. The proposed fee changes currently being presented to the City Council represent the FY 18 Budget Adoption Fee Adjustments, which will take effect October 1, 2017. The next citywide fee adjustment process will occur during the Mid-Year Fee Adjustment process during FY 18. Please see Exhibit C for the latest List of Proposed Fee Adjustments.

In addition to the List of Proposed Fee Adjustments, user fees and charges in the Master Fees and Charges Schedule have been adjusted by the City Cost Index (CCI). The CCI calculates the change in the City's costs from FY 16, when the CCI was last applied to fees, to FY 17. In FY 18, the calculated CCI is an increase of 2.23 percent. By using the CCI to adjust fees for growth, the City is able to sustain previous levels of cost recovery through the charging of fees. Without this adjustment, the City would be forced to increase its subsidy for fee-related services, at the expense of other core services. For more information on the City Cost Index, see Exhibit D.

## **EXHIBIT B**

### **REVENUE IMPACT**

Any revenue changes described in Exhibit C are estimates, and are based on anticipated service usage in FY 18. Estimates could vary depending on market or economic conditions. The City's FY 18 General Fund revenue estimates assume a natural growth of fees and charges. The requested fee changes are required to meet current revenue commitments in the respective departments and will support each department's operations during the current fiscal year. The FY 18 Fee Adjustments is estimated to result in a net revenue increase of \$1,137,398 in the General Fund (GF).

In other funds, the annual revenue change resulting from the proposed fee changes and deletions listed in Exhibit C is \$3,964,694. This revenue increase is largely comprised of \$2,550,000 from the SERRF Fund (EF 331) and \$1,478,636 from the Marina Fund (TF 403), \$203,178 from the Towing Fund (EF 340) and \$190,000 from the Belmont Shore Parking Meter Fund (SR 136). Additional increases totaling \$42,935 are also anticipated in the CUPA (SR (131), Gas (EF 301), Health (SR 130) and Tidelands Operations Funds (TF 401). Finally, a revenue reduction of \$500,055 is estimated in the Airport Fund (EF 320) and is largely due to the proposed changes to Airline Fees; however, this is completely offset by increased revenue estimates from additional activity at the airport.

### **PROPOSED FEE CHANGES BY DEPARTMENT**

#### **City Clerk**

Effective January 1, 2015, the City Clerk has performed Civil Marriage Ceremonies at City Hall after a couple has obtained a marriage license from the Los Angeles Registrar Recorder County Clerk. Additionally, Civil Marriage Ceremonies must provide a witness at the time of the ceremony, unless using a confidential Marriage License in which case no witness is required. If the couple does not have a witness, the City Clerk can provide one for an additional fee. An increase to the Civil Marriage Ceremony Fee from \$25 to \$35 and the Witness Fee from \$18 to \$20 is requested to align to those charged through Los Angeles County.

#### **Development Services**

##### **Vacant Lot Monitoring Fee**

On June 13, 2017, the City Council requested the City Attorney draft an ordinance amending Long Beach Municipal Code Chapter 18.21, Maintenance of Long-Term Boarded and Vacated Buildings, to include Vacant Lots. The amended ordinance establishes a Vacant Lot Registry (Registry) to address the negative impacts of vacant lots through proactive inspections requiring specific maintenance and upkeep standards. The Development Services Department is proposing a new monthly fee of \$59.67 to be billed quarterly to an estimated 618 applicable lots. The annual revenue will offset staff time and other costs related to monitoring vacant lots in compliance with the amended ordinance.

## EXHIBIT B

### Title Search or Lot Book Fees

As part of the City's Code Enforcement process, staff works with an outside firm to request title reports to verify property information when issuing administrative citations and liens for substandard buildings, weed abatement, abandoned vehicles, and vacant buildings. These reports provide staff with a detailed history of a property and ensure that liens are filed against the current property owner. To fully recover the costs to obtain each report, the Development Services Department proposes to increase these fees from \$98 to \$140.

### Standards Variance Additional Exception

The current fee schedule includes both a Standards Variance – New Construction fee and a Standards Variance – Additional Exemption fee. A standards variance may be requested by a property owner to seek an administrative exception to the City's land use regulations when physical or topographical hardships make it difficult for new construction to meet the City's zoning requirements. The current rate of \$164 is not adequate to cover the additional research and site work required to determine if a variance is appropriate. To ensure full cost recovery and simplify its fee schedule, the Development Services Department requests to delete the Additional Exemption fee and implement one Standard Variance fee.

### **Financial Management**

#### Towing, Drop and After-Hours Release Fees

The Fleet Services Bureau's Towing Division provides 24/7 towing and impound services to support the Police, Parks, and Public Works Departments. For several years, the division saw a year over year decrease in tow volumes. Staffing levels were reduced commensurately to adjust to the reduced work volume. However, tow volumes have steadily increased 7 percent over the past 18 months. To service the increased tow volumes and cover the additional work associated with Police and Parking Enforcement calls for service, vehicle releases, customer service, storage, lot management, and unclaimed vehicle lien sales, the FY 18 Budget includes an increase of 2.0 FTEs. To offset the increased operating costs, the Financial Management Department is proposing a 2.5 percent rate increase to its towing fees. The proposed increase is in addition to the City's CCI increase of 2.23 percent and the series of towing fees will increase by as little as \$1 per service or at most by \$25 per service depending on the current fee amount.

### **Fire**

#### Ambulance Transportation Fees

The Fire Department last increased Ambulance Transportation Fees in FY 14. Since then, the fees set by the Los Angeles County Emergency Medical Services Agency (County), which are adopted by most ambulance service providers in the County, have increased and are now significantly higher than the fees charged by the City. The Fire Department is proposing to increase the Advanced Life Support (ALS) and Basic Life Support (BLS) transports by \$217 (or 13 percent) and \$105 (or 9 percent), respectively, to improve cost recovery and to bring the City's Ambulance Transportation Fees more closely in line with

## EXHIBIT B

those set by the County. The proposed changes will result in fee increases from \$1,675 to \$1,892 per ALS transport, and from \$1,198 to \$1,303 per BLS transport.

### Certified Unified Program Area (CUPA) Fees

The Health and Fire Departments jointly administers oversight programs to ensure that hazardous chemicals are handled, stored, and transported in accordance with current State and local standards under the City's State-mandated Certified Unified Program Area (CUPA) Program. Fee revenue is deposited into the CUPA Fund and is derived from permits and fees that support the cost of annual inspections and permitting of facilities which handle hazardous waste and/or hazardous materials. In November 2015, California Environmental Protection Agency (CalEPA) completed an audit of the CUPA program. The audit identified deficiencies that were largely due to a lack of adequate resources. In FY 17, a phased, multi-year plan of fee increases was created to address the audit findings and recommendations. As part of the multi-year plan, the Fire Department is proposing a 4 percent increase to its CUPA fees to maintain the CUPA Fund's structural balance while ensuring sufficient staffing levels to meet State requirements for the frequency of inspections of underground and aboveground petroleum storage tanks. The fee increase will apply to all CUPA permits issued by the Fire and Health Departments, but will not apply to state surcharges, penalty fees, or copying fees.

### Other Annual Fire Permits

The Fire Department is proposing two new fees for the State-mandated inspection and permitting of residential care facilities. The fee amounts of \$360, referred to as R-2.1 for facilities with more than 6 non-ambulatory occupants and R-4 Occupancies for more than 6 and up to 16 ambulatory occupants, is intended to cover the City's costs of conducting the inspection.

### Miscellaneous Fees

The California State Evidence Code requires medical providers to make copies of medical documents available for inspection and copying all medical records pertaining to emergency medical services it provides, and limits the charges for these copies to \$0.10 per page. The Fire Department receives numerous requests for medical records and, to recover its costs to provide the service, proposes a new fee in the amount of \$0.10 per page. Additionally, the Fire Department also requests an increase to its 2<sup>nd</sup> and 3<sup>rd</sup> re-inspections fees from \$220 to \$230 for the 2<sup>nd</sup> reinspection and from \$440 to \$460 for the 3<sup>rd</sup> reinspection. The fee increase is intended to align these fees with other similar fees charged by the Department.

### **Health and Human Services**

#### CUPA: Underground Storage Tank (UST), Program Oversight, Refinery Safety Surcharges

In a letter dated April 5, 2017, California Environmental Protection Agency (CalEPA) requested the Health and Human Services Department (DHHS) to increase the Underground Storage Tank (UST) surcharge and Unified Program Oversight surcharge, in addition to creating a new four tiered surcharge for regulating petroleum refineries. All surcharge fees collected on behalf of CalEPA will be remitted to the State.

## EXHIBIT B

To comply with CalEPA's request, DHHS is proposing to create a four-tiered fee structure for refineries and align its rates to those set by CalEPA. The proposed fee change for the UST surcharge is from \$15 to \$20 per tank, and the Unified Program Oversight surcharge is from \$35 to \$49. In addition to fee increases, the DHHS proposes new Refinery Safety surcharges relative to a refinery's daily barrel production capacity and will be based on the requested four-tier structure. Surcharges will be assessed upon California petroleum refineries to cover the necessary and reasonable costs associated with the implementation of the Interagency Refinery Task Force activities. There is currently only one Long Beach refinery that falls within the four tiers. However, rates for each of the four tiers are requested in the event of any changes.

### CUPA Permits and Fees

The Health and Human Services and Fire Departments jointly administer the City's Certified Unified Program Agency (CUPA) program to protect the public from hazardous material threats through inspection and permitting of storage tanks and hazardous waste producers. In November 2015, CalEPA completed an audit of the City's CUPA program. The audit identified deficiencies that were mostly due to a lack of adequate resources. In FY 17, a phased, multi-year plan of fee increases was created to address the audit findings and recommendations. As part of the multi-year plan, the Health and Human Services Department is proposing to increase its CUPA fees by 4 percent. Increased revenue will support the additional administrative support and oversight required to implement ongoing requirements and to report programmatic and business hazardous materials data to the California Environmental Reporting System (CERS), as well as staff time to improve the programs ability to conduct enforcement activities. The fee increase will apply to all CUPA permits issued by the Fire and Health Departments, but will not apply to state surcharges, penalty fees, or copying fees.

### Plan Check Fees for Water Systems

#### *Plan Check for Water System, Minor Remodel or Equipment Change*

The current fee schedule has a Water Systems Plan Check fee for a plan review of a pool remodel. To accommodate pool operators in need of making minor modifications or change a piece of equipment, DHHS is requesting to establish a new fee at the rate of 50 percent of the Water Systems Plan Check fee. It is estimated that plan review for minor modifications involve only half of the staff time of a Water Systems Plan Check. Implementation of this new fee will reduce the financial burden on pool operators making only small modifications and appropriately recoup staff time for plan review.

#### *Plan Check for Water System, Expedite Fee*

Water systems plan reviews are currently completed within ten business days. To accommodate requests for expedited service, DHHS is proposing a plan review within three days and structuring the fee similar to the existing Plan Check Expedite fee used for non-water system plans. The current fee is twice the standard fee and will recoup the overtime and other incidental costs required to complete the request. This fee is also proposed to be applied to operators found to be drilling wells or soil borings without having initially paid for a plan review in order to quickly bring them into compliance.

## EXHIBIT B

### Miscellaneous Food Fees

#### *Cottage Food Operation Class A & Class B*

Assembly Bill 1616, known as the Cottage Food Bill, became effective on January 1, 2013. This law allows for the manufacturing and sale of specific low-risk food products from a private home. Cottage Food Operators (CFOs) must apply for and receive approval of their cottage food product, product packaging and labeling. CFOs who sell their product directly to consumers are considered Class A. CFOs who sell their product directly and indirectly (wholesale) to consumers are considered Class B. There are approximately 35 Class A and 25 Class B CFOs registered with the City of Long Beach. DHHS is proposing fee increases to both types of operators to recover the costs associated with regulating these business, from \$41 to \$55 is proposed for Class A and \$155 to \$184 for Class B. With the increase, the City's fees will remain less than those charged by Los Angeles County.

#### *Cottage Food: Application Fee*

DHHS is proposing a new one-time non-refundable application fee for new Cottage Food Operators (CFOs) applying for either a Class A License or Class B Permit in the amount of \$55. This fee will be assessed upfront whether or not applications are submitted for final approval to recoup the City's costs with assisting potential CFOs in the completion and review of applications.

#### *Cottage Food: Complaint Investigation*

DHHS is proposing a new penalty to be imposed upon Cottage Food Operators (CFOs) when complaints have been received regarding their product. If a CFO has been found to be in violation of either the local or State regulations governing Class A or Class B Cottage Food Operations, DHHS will assess a penalty of \$115 per hour, and then \$76 per hour thereafter, to re-cover the costs associated the investigation. This penalty is consistent with the City's hourly fees in the Food Program. No fee will be charged if violations are not discovered through the investigation process.

### Restaurant/Bar/Tavern/School Kitchen/Caterer

#### *After-School Nutrition Program Site*

DHHS is proposing to establish a new annual permit fee of \$73 to inspect and issue permits to organizations wishing to operate an after-school snack or supper distribution site. Sites operate throughout the school year and during the summer. Currently, non-profit organizations operating after-school nutrition sites are charged the public school cafeteria kitchen annual fee in the amount of \$67. In FY 18, the proposed annual permit fee is calculated to fully recover costs associated with inspecting these sites. These organizations often partner with and will be reimbursed by the California Department of Education's After-School Nutrition Program.

### **Library Services**

The Library Services Department proposes a \$5 increase to the Facility Rental Application fee, as well as to the various per hour rental fees for use of the lobby, meeting room, kitchen, and neighborhood auditorium at the Michelle Obama and Main Library branches. The fee adjustment is requested to align the amounts charged at these branches with fees being charged for the use of other Library facilities and to simplify the rental application process.

## EXHIBIT B

### Long Beach Airport

#### Airline Fees

The Airport monitors and forecasts passenger activity level in order to prudently manage its financial position. Passenger activity level is the primary factor that impacts the Airport's rates and fees charged to airlines for their use of the Airport. The major categories of charges assessed to airlines include aircraft landings, gate use, common use, and apron parking. The increase in passenger activity serves as the basis for the request to adjust Airline rates and fees downward by 5 percent. The reduction conforms to the Airport's business model with Airlines and allows the Airport to maintain its Cost per Enplanement (CPE) metric below \$10 - a key metric used by Airlines in determining which airports to serve.

When certain passenger activity level thresholds are met, rates must be adjusted to reflect changes in revenue - increasing as activity drops and decreasing as activity rises. Annual passenger activity level continues to be on an upward trend and is expected to exceed 3.5 million by 2018. Although the 5 percent decrease is estimated to result in a \$950,000 revenue decrease, increased revenue from passenger activity in the amount of \$3.3 million will offset the reduction.

#### Terminal Space Charges

Conference space in the terminal area is limited. The only available space in the Airport's historic terminal is a 2,400 square foot space located on the second floor. Equipped with an 84-inch Microsoft Surface Hub and other conference equipment, the location is an ideal place for business meetings and conferences. The implementation of a new \$50 per hour rental fee will help cover the cost of operating and maintaining the space as well as the available equipment and furniture. Rental of the conference space will be limited to specific dates, times and activities as determined by the Airport Director.

#### Airport Vehicle Parking

The Airport provides a limited number of parking cards to tenants and airlines to park in Lots A and B. Per space parking in Lots A and B is currently set at the same \$20 monthly rate as the employee lot, although these parking structures are considered a premium option in comparison to the uncovered, flat employee parking lot. The FY 18 proposed monthly, per space rate for Lots A and B is \$30. The proposed rate increase will cover the additional cost associated with operating a parking structure, maintaining the parking cards and related parking system, and to distinguish the covered lots as a premium service.

#### Fuel Flowage Fees

Fuel Flowage Fees are assessed on all fuel (except that which is provided to the commercial airlines) that is delivered onto any property at the airport. At present, the Airport assesses fuel flowage fees to owners or operators of airport fuel facilities at a rate of \$0.06 per gallon of fuel. In an effort to realign the fees to industry levels, the Airport Department is proposing to shift fuel flowage fees to companies that supply to the Airport. The proposed change will result in an establishment of a new fuel flowage fee for suppliers at the current rate of \$0.06 per gallon of fuel. Additionally, fuel flowage fees charged to tenants are proposed for deletion.

## EXHIBIT B

There is no anticipated financial impact to previously non-exempt end users. This change allows for a uniform assessment of fee on all fuel delivered to the Airport (with the noted exception) and increases the accountability of delivered fuel for auditing purposes.

### Security Access Control

The Airport Department currently has a LiveScan Fee and LiveScan Clearance Letter Fee. These fees are assessed on individuals requesting their fingerprints to be submitted to the Department of Justice electronically, and when requesting a letter that the LiveScan background check is clear. The fee increase to \$32.70 for the LiveScan Fee and \$31 for the LiveScan Clearance letter is requested to align with LiveScan fees charged by the Long Beach Police Department for the same services.

### Miscellaneous Fees

In June 2017, a transportation study evaluated the existing ground transportation program and related fee structure at the Airport. The study provided recommendations for the program based on industry best practices and the unique business environment of the Long Beach Airport. The recommendations focused on improving the business arrangements between ground transportation providers and the Airport, modifying the fees charged to reflect a more equitable and reasonable share of cost between providers, and ensuring that a broad range of commercial transportation is offered to the traveling public.

Following the recommendations of the study, the Airport is implementing a tiered permit fee for ground transportation providers based on fleet size. The new fees range from \$100 for a fleet of 5 or fewer vehicles to \$200 for a fleet of more than 10 vehicles. The fee allows the City to recover cost of administering the permits and managing the program. The tiered fee structure equitably distributes a fair and reasonable share of cost amongst permittees.

Trip fees are being implemented for all categories of ground transportation: \$2.00 per trip fee for Taxicabs; \$1.50 per trip for courtesy shuttles; \$6.00 for shared-ride vans; and a tiered trip fee for reservation-based charter-party carrier (TCP) ranging from \$1.00 to \$5.00 per trip, based on vehicle size. Trip fees for Transportation Network Companies (TNC) remain at \$3.00 per trip. This new fee structure provides a fair and reasonable cost allocation to commercial operators who operate at Long Beach Airport and ensures an equitable share of cost is distributed amongst all providers while also aiming to provide a broad range of transportation options for the traveling public.

### **Long Beach Gas and Oil**

#### Meter Installation and Repair Fees

The Long Beach Gas and Oil Department is requesting to add a new Meter Set Assembly (MSA) Tamper penalty of \$250. This penalty is in addition to any applicable reconnection and/or past due fees to fully recover costs related to damage or destruction of the gas meter or any portion of the meter set assembly or associated fittings resulting from deliberate bypassing or tampering for the purposes of obtaining gas service on an account with no active account holder, or an active account that has been terminated for non-payment. This

## EXHIBIT B

penalty is intended not only for cost recovery, but as a deterrent to the unsafe practice of meter bypassing or tampering.

### SERRF Private Hauler Tip Fee

The Long Beach Gas and Oil Department is requesting an increase in the maximum allowable Private Hauler Tip Fee. The South-East Resource Recovery Facility (SERRF) is currently anticipating an increase in the market rate tip fee for private haulers utilizing energy-from-waste facilities like SERRF in Southern California. The Commerce facility, which is an energy-from-waste facility operated by the County of Los Angeles Sanitation Districts, has been aggressively increasing their tip fees to provide for continued economic viability for their facility. The current tip fee is variable from \$0 to \$75 per ton. The proposed rate change increases the maximum fee to \$85 per ton. This will adjust the market rate upward and allow SERRF to increase its tip fee by up to \$10 per ton to ensure structural balance and maintain its current level of reserves.

### **Parks, Recreation, & Marine**

#### Tidelands Fees

##### *Bayshore and Colorado Lagoon Facilities*

The annual facility site fee for pre-school co-operative schools in the Tidelands area is proposed to increase from a range of \$172 to \$312 to a range of \$176 to \$500. The revised fee structure is proposed to more closely align with the same site fees charged to co-operative schools in the non-Tidelands areas.

##### *Marina Fees*

A 2.36 percent increase to Marina Slip permit fees for concrete docks and temporary permit fees is requested ensure cost recovery related to the Marina's operating costs, debt service, and to generate a surplus to be used for the continued rebuild of the Alamitos Bay Marina. Due to the Marina rebuild, there is no increase proposed on wood docks which will be replaced by concrete docks. The proposed changes to Marina Fees also include a request to delete all fees related to bottom liners which are no longer permitted in the Marinas.

##### *Fob Key Fee for Visiting Vessel*

A new "Fob" Key fee is intended to provide visiting boaters access to security gates and boat owner restrooms. The fob is programmed only for the duration of a guest's stay and provides access to designated gates leading to gangways, restroom doors, and parking lot gate arms. At the end of the stay, the fob is automatically deactivated. The guest can either discard the fob (purchasing a replacement at a future visit) or retain it for a future visit to the marina (to avoid future fees). A Fob Key fee of \$5 is proposed to recover the cost associated with the fob hardware. In addition, this revised approach also eliminates the existing practice of offering fobs on loaner basis which requires a \$50 deposit from guests, as well as additional administrative time for review and processing deposit returns to customers.

##### *Towing Fees*

Towing Fees are charged to the owner for unauthorized vessel due to non-payment, not being in proper slip, incomplete documents or non-documentation, overstaying allotted time or violating any Marina rules where it is deemed necessary to tow the vessel. A proposed

## EXHIBIT B

revision to the towing and impound fee structure is requested. The change will eliminate its current fee of \$117 for all towing, impound, and storage fees and implement new, individual fees to be assessed according to each service. The proposed fee amounts align to the cost of providing each service and will be \$165 for towing, \$125 for impounding and \$0.50 per square foot of permitted space per month for for-profit organizations, with half that rate for non-profit organizations. Towing and impound fees are paid to the Fire Department and will be evaluated annually to align with fees listed in its fee schedule.

### *Dry Boat Storage Re-Instatement Fee & Seawall Mooring Late Penalties*

When a permittee assigned to a dry boat storage space becomes past-due on their account longer than 60 days, the permittee forfeits their permit. As proposed, the new re-instatement fee of \$25 would apply to those permittees canceled for non-payment. Provided overdue payment and the re-instatement fee are paid no later than 90 days after the end of the original permit, the canceled permittee may bring the account current to avoid the collection process. Additionally, a 10 percent penalty is being proposed for unpaid sea wall mooring charges, which are outstanding and unpaid beyond 30 days of their due date. By establishing this fee and penalty, this will incentivize customers to maintain their accounts in good financial standing. The proposed approach will also ensure consistency of administration across other Marina fees, agreements, and payments.

### *Parking Fees*

The Parks, Recreation and Marine Department is requesting to delete its Granada Parking Lot Annual Pass Fee from its fee schedule. The fee covered parking during pool hours and is no longer administered by the Parks, Recreation and Marine Department. Parking management for this lot has transferred to the Public Works Department. Day parking passes for the Granada Parking Lot is available through the Public Works Department.

### **Public Works**

#### Engineering

As part of the new "Charge Ready Program", conducted by Southern California Edison (SCE), 13 charging ports are being installed at City Place Parking Structure C. "Charge Ready Program" is a partnership in which SCE will install and maintain the supporting electrical infrastructure, the cost of which will be covered by the program, while the City will own, operate and maintain qualified charging stations. As an incentive to participate in the program, SCE will provide rebates to the City to cover a portion of the cost of the charging stations and their installation. SCE will provide the design and implementation drawings required for the charging station infrastructure.

Peak-Rates (Summer Rates) are \$0.3113/kWh (Kilowatt per Hour) and will be enforced from June 1 to September 30. Non-Peak Rates (Winter Rates) are \$0.2284/kWh (Kilowatt per Hour) and will be enforced from October 1 to May 31. While the revenue and cost estimates from this new program are currently unknown, the program is intended to be a cost-neutral program for the City. As the program continues, staff will closely monitor revenues and costs to ensure that the program is cost-neutral.

## EXHIBIT B

### Parking Meter Fees

Belmont Shore parking meter rates currently vary between the street parking on East 2nd Street and the City-owned lots. The on-street parking meters have a rate of \$0.75 per hour, while the lot rates are set at \$0.25 per hour. With the installation of new smart meters in City-owned lots, an increase of lot rates to \$0.75 per hour is requested to align all meter rates in the area. Revenue generated from the proposed increase will support the continuation of services and improvements in Belmont Shore.

## PROPOSED FEE DELETIONS FOR FISCAL YEAR 2018

Fee Name	Description	Fee Amount	Per	Reason for Deletion
<b>DEVELOPMENT SERVICES</b>				
Standards Variance - Additional Exception	Additional variance request on the same property	\$164	Each	Aligns fee structure with Department best practices and optimizes efficiency
<b>LONG BEACH AIRPORT</b>				
Fuel Flowage Fees - General	Applied to Airport tenants for every gallon of fuel and lubricant delivery	\$0.06	Gallon of fuel	Deletions allows for a uniform assessment of fees on all fuel delivered to the Airport and increases the accountability of fuel delivered to the Airport for auditing purposes. Since the rate remains the same, there should be no financial impact on previously non-exempt end users.
Fuel Flowage Fees - Single entity (0 to 25,000 gallons)	Applied to Airport tenants for every gallon of fuel and lubricant delivery	\$0.06	Gallon of fuel	
Fuel Flowage Fees - Single entity (over 50,000 gallons)	Applied to Airport tenants for every gallon of fuel and lubricant delivery	\$0.01	Gallon of fuel	
Fuel Flowage Fees - Single entity (25,001 to 50,000 gallons)	Applied to Airport tenants for every gallon of fuel and lubricant delivery	\$0.02	Gallon of fuel	
<b>PARKS, RECREATION, &amp; MARINE</b>				
Granada Parking Lot (Annual Pass)	During Pool Hours only	\$75	Year	All parking fees are now administered through the Public Works Department. Day pass for the lot continues to be available through the Public Works Department.
Towing, Impound Storage, and Other Fees	Impound Fee	\$117	Each	Revised to reflect fees charged by Fire & PRM.
Bottom Liner Deposit	Deposit required should permittee have a bottom liner	\$250	Each	Bottom liners are no longer allowed in the Marinas.
Bottom Liner Cleaning Penalty	Fee imposed should permittee's bottom liner require cleaning	\$100	Each	
Bottom Liner Removal	Fee imposed should permittee abandon bottom liner upon leaving the marina	\$405	Each

<b>Introduction .....</b>	<b>1</b>
<b>Personnel Adjustment Factor .....</b>	<b>1</b>
<b>Non-Personnel Adjustment Factor.....</b>	<b>4</b>

## INTRODUCTION

The City of Long Beach (the City) utilizes user fees to recover the full cost of services rendered to individuals upon their request. Fee programs ensure that the City-provided services requested by individuals, primarily provided by twelve departments within the City, are not subsidized through public funds. The last comprehensive review of user fee costs took place in 2005. In order to maintain equivalent cost recovery levels, the City adjusts these fees annually to combat the rise of costs over time. While the Consumer Price Index (the CPI) gives a general indication of the changes in the cost of living, it is not always the primary cost driver for services related to user fees. Since the fees are associated with the provision of a service, the City previously calibrated fees using the average employee salary increase.

In 2009, the City retained Willdan Financial Services (WFS) to create an adjustment factor for the user fee program that more accurately accounts for the annual change in both personnel and non-personnel departmental expenses. WFS developed a methodology that balances both personnel factors (average salary increases) and non-personnel factors (CPI). The most recent update to the methodology was performed for FY 2016. This report presents an update to that analysis for 2017.

## PERSONNEL ADJUSTMENT FACTOR

**Table 1**, shown on the following page, presents the budget information primarily for departments for which a fee is charged, number of full time employees and total departmental budgets adopted for FY 2016 and FY 2017. The Police, Fire and Disaster Preparedness and Emergency Communications Departments have a significant difference in departmental costs increases compared to that of the other City Departments. Therefore, for the purposes of calculating a more accurate index, the Departments have been separated into two groups: Public Safety Departments (Police, Fire and Disaster Preparedness and Emergency Communications Departments) and Non-Safety Departments (remaining Departments). This analysis utilizes the FY 2016 and FY 2017 adopted budget figures to provide a reasonable “catch up” adjustment to be applied to FY 2018 user fees.

**Table 1**

(1) FY 2016 and 2017 budgets for Public Works includes Economic and Property Development that became a separate department in FY 2016.

Source: City of Long Beach. Based on All Funds, both F/P, P/T

Table 1 budgeted data is used to calculate the percentage increase in budgeted payroll (Personnel Adjustment Factor) over the time periods represented. By taking total budgeted salary and benefits costs and dividing by the number of full time employees, salary costs per employee is established. The difference between salary costs per employee in the FY 2016 and FY 2017 adopted budgets can be used as an appropriate gauge of the "catch up" adjustment for personnel cost fluctuations. Please note that Personnel Costs do not include unanticipated salary savings or furlough savings, as that does not affect the hourly rate, which is used in fee calculations. Table 2, shown on the following page, presents budgeted salary costs per full time employee for each department for FY 2016 and FY 2017 and the percent difference between the two budgets.

**Table 2**
**Table 2 - Personnel Adjustment Factor**

Department	Personnel Costs			% Change	
	Salary per FTE		FY 2017 (adopted)		
	FY 2016 (adopted)				
<b>Public Safety Departments</b>					
Disaster Preparedness & Emergency Comm.	\$ 102,507	\$ 106,689		4.08%	
Fire Department	141,656	146,227		3.23%	
Police Department	131,804	135,685		2.94%	
<b>Average</b>	<b>\$ 375,967</b>	<b>\$ 388,601</b>		<b>3.36%</b>	
<b>Non-Safety Departments</b>					
Long Beach Airport Department	\$ 95,899	\$ 95,510		-0.41%	
City Clerk	118,816	122,512		3.11%	
Development Services	104,484	106,699		2.12%	
Financial Management	100,873	103,163		2.27%	
Health And Human Services Department	90,153	92,474		2.57%	
Library Services Department	79,740	78,907		-1.04%	
Long Beach Gas and Oil Department	106,913	108,923		1.88%	
Parks, Recreation And Marine Department	63,769	65,983		3.47%	
Public Works Department (1)	91,539	94,370		3.09%	
<b>Average</b>	<b>\$ 852,185</b>	<b>\$ 868,541</b>		<b>1.92%</b>

<b>Average (All Depts Combined)</b>	<b>\$ 1,228,152</b>	<b>\$ 1,257,142</b>	<b>2.36%</b>
-------------------------------------	---------------------	---------------------	--------------

## NON-PERSONNEL ADJUSTMENT FACTOR

In addition to the Personnel Adjustment Factor, the annual CPI for the Los Angeles / Long Beach region is incorporated to account for escalation of general non-personnel expenses, such as materials, supplies and services.

The resulting adjustment factors are weighted based on the proportion of personnel expenses to the total departmental budget. **Table 3**, shown on the following page, presents each department's total budget and the amounts related to personnel costs and non-personnel costs. The resulting percentages (columns F and G) are multiplied by the Personnel Adjustment Factor and the CPI (columns H and I), respectively. By adding the two new percentages, a weighted adjustment factor is created (column J).

In order to provide a cost index that reflects the causes of cost changes for the Public Safety Departments, the average Unweighted Adjustment Factor (% Change) - Salary computed in Table 2 (3.36%) is multiplied by the average percentage (74.39%) that personnel costs are to the total Public Safety Budget then added to the product of the Unweighted Adjustment Factor - CPI (2.15%) for the determination period multiplied by the average percentage (25.61%) non-personnel costs are relative to the total Public Safety Department budget. The result is a Public Safety Department Weighted Cost Adjustment Factor (Index) equal to 3.05% for 2017. In a similar manner, a Weighted Cost Adjustment Factor (Index) is computed for the Non-Safety Departments for which there are existing user fees. The result is a Non-Safety Department Weighted Cost Adjustment Factor (Index) equal to 2.09% for 2017. However, in order to determine a single Weighted Adjustment Factor (inflator) for all Public Safety and Non-Public Safety departments, the formula described above is used resulting in a weighted rate of 2.23%.

By factoring both personnel and non-personnel costs, the City is capable to more accurately identify the true increases to the costs to provide services to the public. This allows the City to recover more of the associated increase in costs of service over time. In order to ensure a more accurate inflator, Willdan Financial Services recommends that the index continues to be reviewed and updated annually and that a full user fee study by department be conducted in the near future to solidify the City's user fee methodology.
