Long Beach Transit Customer Code of Conduct

Background

Long Beach Transit (LBT) provides important transportation services to the communities it serves. Safety and security are top priorities at LBT, and a successful partnership between LBT and its customers depends on LBT employees and customers behaving in a mutually respectful and courteous manner.

To enhance the customer experience, LBT has adopted a Customer Code of Conduct (the Code) pursuant to the authority granted to LBT by the California Civil Code Section 2186.

LBT's Code of Conduct sets out expected behaviors for everyone who uses LBT property, which includes, but is not limited to, operating, maintenance and administrative facilities, vehicles, transit stations, bus shelters, bus benches, water vessels and water vessel docks. The Code authorizes specific personnel to expel from LBT property persons who commit Transit Violations (as defined herein) and to suspend their privileges to enter upon LBT property and use the transit system.

Policy

LBT has established the Code to promote the safety, security and comfort of its customers; to facilitate the proper use of LBT property; to protect LBT property and employees; to assure payment of fares; and to ensure LBT property is safe, secure, welcoming and accessible for all customers.
